

Oratorical Society.

Annexed St. G. Jones.

3. Sept.

Sir

As you declare yourself desirous  
of pursuing the objects of this Society we  
have to assure you that so far from  
being "silly societies" or to any extent of  
proceeding we shall always be happy to  
answer any enquiries through Mr. Linder  
which you may consider it worth while to  
make. Very few of our resolutions or discussions  
require secrecy and we by no means desire  
it where it is not necessary.

We are therefore to inform you  
that the meeting held last Thursday  
at the Office for the purpose of business  
comprised twenty-one out of twenty-three  
members ~~either~~ six being represented by

written proxy, to their friends. for the especial  
purpose of some <sup>but not public</sup> spiritual resolutions  
which were unanimously adopted.

The dinner is an attempt to  
render, by universal intercourse, the  
good feelings of the Society more extensively  
active and has by no means failed in  
its result - The fifteenth present members  
sat down to it.

Your obedient servant  
T. J. Seal.
